

OHOUUD AL SULTAN

Information Technology | Front-End / Web Development

Riyadh, Saudi Arabia | 0557947747 | Ohoud.alsultan96@gmail.com | linkedin.com/in/ohud-alsultan-b84078234

PROFESSIONAL SUMMARY

Ambitious and passionate technologist with hands-on training experience in front-end and mobile development. Proficient in Flutter, HTML, CSS, and JavaScript, with a track record of delivering the majority share of UI work across two development teams. Driven to stay current with emerging technologies, with a growing focus on AI agent engineering, and eager to bring energy, technical skill, and a fast-learning mindset to an innovative technology team.

TECHNICAL SKILLS

Languages & Frameworks: Flutter, HTML, CSS, JavaScript

Development Areas: Front-End Development, Web Development, Mobile Application Development, Programming

Emerging Technologies: AI Agent Engineering

TRAINING EXPERIENCE

Programming Department Trainee | Clear Marketing — 2022

- Completed hands-on practical training within the Programming Department, gaining exposure to a professional software development workflow.
- Participated in programming and web development activities alongside the technical team.
- Applied core technical concepts, including HTML, CSS, and JavaScript fundamentals, to practical development tasks, contributing to over 80% of the assigned development work.
- Built foundational experience working within a professional technology environment.

Programming Department Trainee | Hasomat — 2024

- Collaborated closely with a development team to design and build UI screens for a Flutter mobile application.
- Designed and implemented application interfaces in Flutter, translating requirements into functional, user-friendly screens.
- Contributed a significant share (roughly 60%) of the app's UI development, helping drive the project to successful completion.
- Coordinated with team members throughout the development cycle to align on design decisions and meet project milestones.

EDUCATION

Bachelor's Degree in Information Technology | Arab Open University — 2023
